

What is it?

- Fortnite is a game made by Epic Games
- It is recommended from 12 years old on
- Available for: Playstation 4, Microsoft Windows, MacOS, xbox One, IOS and for Android
- In this game there are two game modes; Battle Royale and Save the World
- This is a cartoon game

SAVE THE WORLD

Battle Royale

Delta Wing

Purpose

- The purpose is to survive
- There are a hundred of players falling from a flying bus with a Delta Wing in an island
- You should fall in a city and take weapons to survive
- To win you have to be the last survivor on the island, you have to survive killing other people
- You can also build a safe place to protect yourself

Map from the island

- When you fall from the flying bus you fall in a island with a lot of cities such as:
- Anarchic acres
- Wailing woods
- Pleasant park
- Flush Factory
- Tilted Towers
- Tomato town

Weapons

- There are five types of weapons: grey, green, blue ,purple and yellow ones
- The best category is the yellow one, it is legendary
- The best weapon in the game is the Scar

GRAY

GREEN

UNCOMMON

BLUE

RARE

PURPLE

Epic

LEGENDARY

Materials and Constructions

- There are threee types of Materials:
- Wood, Stone and metal
- Obviously to get them you use an axe and you chop them
- You can find wood in trees, Stone in buildings or in rocks and Metal in Cars
- You can build Floors, Walls, Ramps and Roofs to make a place to protect yourself

Traps and live

- Traps can be placed on floors or walls
- If someone touches them they will get hurt
- There is also a Launch Pad that makes you jump very high
- When you fall from the bus you only have a life but then you can drink potions to have a shield
- There is a Campfire that gives you more life

Chests and air drops

- The chests are on the island
- The Air drops fall from the sky
- When you open them something can appear such as:
- Weapons
- Bandages to heal yourself
- Shield potions to protect yourself
- Traps

Vending machines and Llamas

 Vending machines give you weapons, potions or traps in exchange of materials

They can be very expensive

 Llamas are found in the island but, there are only five in all the island and they change their position

 They are valious because they have five hundred pieces of each material inside them

Healing Objects

- They are important because you can heal yourself with them
- Bandages
- First aid Kit
- Small Shield Potion
- Shield potion
- Slurp Juice
- Chung Jug

Item Shop

- The item shop is the place where you can buy skins, dances, Axe and Delta Wings
- Pavo is the Fornite coin
- You can waste your real life money by buying them
